

**FOR IMMEDIATE RELEASE**

## **A Gentler Approach to Grass Choking Thatch Removal**

*Spring into action with new spring tine turf rakes from Classen*

Classen, an industry-leading brand of commercial and residential turf care equipment, has expanded their turf rake line by adding two new spring tine models, the TR-20RH (with Honda GX160 engine) and the TR-20RB (with B&S Intek 850 engine). With all of the same great performance and user-friendly features and benefits as Classen's current turf rake line, the new spring tine reel models are more forgiving on lawns that have in-ground sprinkler systems or other permanently installed objects in the turf.

*The new TR-20R Turf Rake is the right fit for commercial or rental applications.*

The new Classen TR-20R is the ideal solution for those areas where flail reel or slicer blade reels are too aggressive. The new reel features 104 individual spring tines that are surface-treated to provide over 50% added strength and tine life.

Like the rest of the Classen Turf Rake line, the new TR-20R is a versatile and portable lawn dethatcher:

- Easily converts to a vertical slicer or seeder in minutes.
- Convenient folding handles for easy storage and transport.
- Five position blade height adjustment.
- Heavy duty grease bearings with cast iron housings hold up to the rigors of commercial and rental applications.

Partial spring tine or complete spring tine reel assemblies are also available. Both assemblies will fit any Classen brand turf rake or seeder model and make an ideal retrofit for adding dethatcher functionality to existing Classen machines.

Classen turf care equipment is available through over 3,500 power equipment sales and rental dealerships nationwide. To locate a dealer near you or to learn more about Classen brand turf care equipment including the new TR-20R, visit the Classen website at [www.classenturfcare.com](http://www.classenturfcare.com) or contact Classen toll-free at 877-596-6337.

### **About Classen**

For more than 35 years, professional landscapers and homeowners alike have trusted Classen turf care equipment to transform and maintain the health of their landscapes. Classen offers a complete line of aerators, dethatchers/turf rakes, seeders and sod cutters that are built to use and designed to last. Classen turf care equipment is available through retailers and rental dealerships nationwide.

Classen is a registered trademark of Schiller Grounds Care, Inc.
