### **Mantis Offers 4 Models To Fit Your Needs**

#### **All Mantis Tiller/Cultivators feature the following:**

- Patented Serpentine Tines (Guaranteed against breakage for life)
- Tines spin at 240 RPM – twice the speed of other tillers
- 9-inch tine width, tills up to 10 inches deep (3 inches when reversed for shallow cultivating)
- Tills all types of soil, including sod and even hard clay

#### **Mantis Original 2-cycle Tiller Features:**

- Weighs a mere 20-lbs. - easy to carry and maneuver
- Commercial 2-cycle engine
- Electronic Ignition – for easier starts
- Optional attachments: border edger, plow, planter/furrower, crevice cleaner, aerator, dethatcher, wheel set and single-edge or double-edge hedge trimmer bars

### **Mantis FastStart Features:**

- The FastStart model has all of the features of the original Mantis Tiller and hasn't changed the quality of its commercial two-cycle engine; the advancement is in the recoil mechanism of the engine. The major change is the inclusion of a ratchet and spring that have two functions: they make the recoil cord easier to pull, and they store the energy from this pull and release it in a short powerful burst which start the engine more quickly.
- Optional attachments: border edger, plow, planter/furrower, crevice cleaner, aerator, dethatcher, wheel set and single-edge or double-edge hedge trimmer bars

### **Mantis Electric Tiller Features:**

- Weighs a mere 21 lbs.
- Powerful 120-volt heavy-duty electric motor
- Quiet electric motor starts instantly – perfect for noise sensitive areas
- Long-lasting precision worm-gear transmission (no belts to slip, no chains to break or stretch)
- Patented serpentine (curved) tines are mounted under the motor so the Mantis Electric Tiller can be easily guided in narrow garden rows and around plants.
- 3-speed control and shut-off switch conveniently located on the handle
- Built-in carrying handle makes it easy to carry
- Fold-down handles for easy transport and storage
- A handy cord hook in the handle prevents the power cord from disconnecting
- Optional attachments: border edger, plow, planter/furrower, crevice cleaner, aerator, dethatcher, wheel set and cord management kit

### **Mantis Honda-Powered Tiller Features:**

- Powerful 4-cycle Honda Engine
- Weighs a mere 24-lbs. (easy to carry and maneuver)
- Push-button primer for fast, easy starting
- Electronic ignition
- No fuel mixing required
- Quieter operation
- Optional attachments: border edger, planter/furrower, crevice cleaner, aerator, dethatcher, wheel set
